Our Capabilities

- Concept & Design**
- CNC Laser Cutting**
- CNC Turret Punch Press**
- CNC Press Brake (50-100 Ton)**
- CNC Guillotining**
- CNC Turning and Milling**
- Robotic Welding**
- Tig Fusion Welding**
- Mig & Tig Welding**
- Fastener Fixing**
- Finishing & Polishing**
- Component Assembly**

AMAPRO-W&B

Manufacturers of high Quality and Precision Sheetmetal Components

Tel: (03) 9794 7744

51-53 Ordish Road, Dandenong South Vic. 3175

CONCEPTUAL DESIGN:

Our technical staff and engineers work closely with your personnel to understand your manufacturing requirements and specific objectives in terms of quality assurance, delivery time frame and overall production rates.

We can prepare a conceptual design based on your information utilizing our vast experience in proven problem solving solutions.

Upon a general agreement with the conceptual design approach, we can prepare a more detailed study to determine budget estimates or firm price quotations.

We also provide a detailed schedule for the proposed product, including design, engineering, fabrication, assembly, testing and shipping.

OUR MARKETS:

Below is a small example of the variety of industries that Amapro has expertise in:

Gas Heating Industry
Condensing Units
Telecommunications
Electronic & Electrical Enclosures
Medical / Hospital Equipment & Beds
Automotive - Componentry
Office Furniture
Computer (cabinets) - Laptops/Notebooks/Ipads
Australian Defense Forces
Trucking Industry - Components
Power Generation - Components

AMAPRO'S experience is not just limited to the above listed industries for more details please contact our Sales & Marketing department.

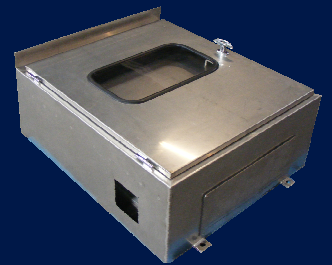

OUR SERVICES:

Design - AMAPRO can design your product by utilizing our cad/cam facilities in 3D parametrics design, ready for prototyping.

Prototyping - We have the ability to turn your ideas into reality, using the latest in design and manufacturing technologies available.

Manufacturing - Our diverse range of high quality CNC machine tools allows us to manufacture products with accuracy and repeatability ensuring our customers complete satisfaction.

**CUSTOMER SATISFACTION
IS THE "AMAPRO" WAY**

STATEMENT OF BUSINESS

AMAPRO-W&B Pty Ltd is a manufacturing company of precision sheet metal and high quality components. All Amapro engineered products are designed, built and delivered, specifically to customers product manufacturing requirements.

FACILITIES AND PERSONNEL

AMAPRO-W&B operates sales, design, engineering and manufacturing facilities at Dandenong South, Victoria.

Drawing on the wealth of knowledge and experience of our personnel, AMAPRO can manage your project from initial design through to the finished product delivered to you.
